A REPUBLICAN Senate has passed a Free Silver bill.

THE Lexington Leader of last Friday reached the BULLETIN office yesterday—nearly five days traveling about sixty miles. Will Brother Roberts please make a note of it? He certainly hasn't concluded to pattern after the Mt. Olivet Tribune-Democrat.

EX-CONGRESSMAN H. G. EWART, the Republican leader in North Carolina, has declared against Harrison because of the Force Bill, says an exchange. Ewart was a member of the Fifty-first Congress, and opposed the Force Bill when it was pending and subsequently on the stump.

THE St. Louis Globe-Democrat, one of the leading Republican papers of the West, candidly admits that the nomination of Whitelaw Reid for Vice President was a blunder of a peculiarly serious and senseless kind on the part of the G. O. P. It is a blunder the party can't easily crawl out of, or remedy.

SEVERAL hundred colored emigrants have, in the last few days, left Christian County for Kansas and other Western States. These will make nearly 1,000 who have gone West from that county in the past six months. Surely the Republicans are not so badly scared up over their Western strongholds that they are resorting to the "colonization" scheme.

COMMONWEALTH'S ATTORNEY JAMES H. SALLEE is a candidate for re-election, subject to the action of the Democratic party. His announcement appears elsewhere. Mr. Sallee is serving his first term in that position, and no one has ever given more faithful attention to official duties than he has from the beginning. He has not missed a single term of court, and the State has not been called upon for one cent for pro tem. attorneys in this district since he entered upon his duties. The excellent record he has made certainly entitles him to a hearty endorsement at the hands of his party. So far as known he has no opposition for the nomination.

THE SILVER PLANK.

"By the coinage plank of its platform, adopted at Chicago, the Democratic party pledges itself to coin silver on the same terms on which gold is coined; to maintain the parity of the silver, gold and paper money issued by the United States, and to abolish the existing premium on gold by the repeal of the Bullion Storage act, through which silver bullion is demoted and the coinage of silver discontinued," says the St. Louis Republic. "The Democratic theory of bimetalism and of the free coinage of the precious metals is clearly elucidated in the Chicago platform. The declaration of the free coinage principle, without which the bimetallic standard can not be maintained, meets the demands of bimetalists and at the same time cuts away the ground from under the feet of the advocates of the single gold standard. The Democratic party will not only restore the equality of silver with gold in coinage, but it will maintain the silver, the gold and the paper dollar at par with each other. It has declared a policy that will be satisfactory to all Democrats, West and East, and by this declaration of policy it invites the support of all who are opposed to the single gold standard, to the unnatural premium on gold, and to a forced contraction of the currency."

THE MARKETS.

WEEKLY REVIEW OF THE CINCINNATI TOBACCO MARKET.

The offerings at auction for the week just closed were 1,881 hds. as follows: 372 hds. Mason County (Ky.) District, 211 hds. Pendleton County (Ky.) District, 170 hds. Owen County (Ky.) (Ky.) District, 270 Blue Grass (Ky.) District, 529 hds. Brown County (O.) District, 4 hds. Indiana, and 25 hds. West Virginia, against 2,145 hds. the previous week and 1,757 hds. corresponding week last year. Total offerings for the year to date 58,005 hds. against 61,779 hds. same time last year.

Hds. Receipts for the week.....2,258
Receipts same week last year.....2,036

The offerings, while of good size, were considerably less than previous week. The receipts continue heavy. The monthly report shows an increase in stock of 2,688 hds. and there is 1,975 hds. more than at the same time last year. Business for the week was in the main satisfactory. There was a firm, steady market throughout, there being more regularity than during the previous week. For of which there was a good supply, a firm, steady demand was shown, and these grades are selling well. Common and medium leaf held in good request. Common trash and lugs show the same activity that has characterized this kind for some time, and buyers are taking them readily at full and satisfactory prices. Red tobaccos do not show any change, there being no special demand for them, and prices paid do not give entire satisfaction.

Of the 1,881 hds. sold from \$1 to \$3.95, 125 from \$1 to \$5.95, 872 from \$6 to \$7.95, 299 from \$8 to \$9.95, 306 from \$10 to \$14.75, 219 from \$15 to \$19.75, 24 from \$20 to \$24 and 1 at \$27.
